

Yadkin Valley Telephone Membership Corporation

Primary Long Distance Carrier Freeze Form

Your Primary Long Distance Carrier handles all long distance calls outside of the local toll area. By placing a freeze on your carrier selection, you prevent your carrier from being changed. Before a freeze can be placed on your line, a freeze form must be signed and returned to:

**Yadkin Valley Telephone
P.O. Box 368
Yadkinville, NC 27055**

If you should decide to change your Primary Long Distance Carrier and a freeze has been placed on your line, you will have to contact a Yadkin Valley Telephone Office to remove the freeze.
